

Spiritual Adoption Prayer for Life Card

This Spiritual Adoption Prayer Card is symbolic and useful in a number of ways.

The card is meant to be folded into an equal tri-fold. This symbolizes the Holy Trinity. It also allows the card to stand as a visual reminder for prayer in our homes, work or school. The back of the card is the Prayer for Life and the front is the cross. The crosses are in pink and blue for the sexes and in black to represent the many categories of babies at high risk for abortion. This allows the flexibility to designate any mother/baby for your prayer intentions. The base is the baby's feet and the Catholics4LIFE logo. This is a reminder for us to be at the foot of the cross with our brothers and sisters.

Within the card are Bible verses which are meant to touch and soften the hardest of hearts. Countless prayers have been said over this card and God has truly been the guiding hand in its design.

Cutting out these cards, folding and praying over is an easy, meaningful activity for young and old at home or in school.

Please print, share and use this card as often as possible to spread the truth, pray for those in need and then pray some more for the preservation of LIFE.

Instructions:
